

# **Resilient Women: Psycho-social and Spiritual Strength of Muslim Women**

**May 6th, 2023**

## **SPONSORSHIP PACKAGE**

### **About the Event:**

Join us on Saturday, May 6th, by attending **Resilient Women: Psycho-social and Spiritual Strength of Muslim Women**, *Presentation and Dialog around Research, Resources, and Strategies*, a one-day event designed to provide attendees with a comprehensive understanding of mental health issues, including the impact of violence on Muslim women's mental health. The conference will feature a variety of mental health experts who will discuss the latest research and share best practices and resources available for addressing mental health concerns and other pressing issues that immigrant women and newcomers face today.

Additional event information is available on the event [website](#).

### **About the Organization:**

The story of the Azerbaijani Women's Support Centre (AWSC) begins in 2005 when a group of dedicated women from across the country decided to support women and families in Canada and globally. After years of hard work, AWSC is Canada's only charity organization for Azerbaijani women. We are dedicated to equity, equality and empowerment for all women. We also work with women of other communities to achieve significant milestones for women. AWSC is committed to improving the status of women. We provide women and children with support, information, and options. We offer programs and services designed to empower women and children. We coordinate projects and work closely with our community members, partners and service providers, to ensure that women and families are organized, informed, and support each other.

**Mindful App** is a mood logging and smart resource matching application that allows users to find contextualized mental health resources and alert their support network. To download the app visit [mindfulhealth.app](#)

### **Benefit to Sponsors:**

- **Community Leadership:** This conference will feature leading researchers and community leaders. Through these leaders, the conference will receive significant publicity on several social media platforms.
- **Organizational engagement:** Community organizations with significant members will also be promoting this event in their organization.
- **Print content distribution:** Print content will be made available to organizations with sponsor branding to take back and share with their members.
- **Tax receipts:** All sponsorship payments are tax deductible.
